

## Junior Technician

Full-time

Westerlo

### What you are going to do

#### *Description of the job*

We are currently looking for a motivated Junior Technician for a large organization in the food sector. In this position you will deal with electro-mechanical and control-technical issues. Do you want to become part of a great organization where you are responsible for maintaining and optimizing the entire production process? Then we are looking for you!

#### Tasks:

- Electrical and mechanical maintenance, preventive and curative to machinery (automated lines, rolling stock, separate machines), buildings and utilities (cooling installations);
- In assist by 2 very experienced technicians and a handyman.

### What we ask for

- A2 Electromechanics or Electricity;
- Preferably a first technical experience within a production environment;
- Electromechanics or Electricity graduates with no experience are eligible as well.

### What we offer

- Fixed interim option;
- 1 week per month on duty (you may be called to work in case of problems)
- Day shift: technical department is working between 6 am - 5 pm (one week starts at 6 am, the other week at 8:30 am);
- Wages according to internal wage scales, based on relevant experience;
- Free meals available in the canteen.
