

## Laundry employee

*Beveren-Waas*

**Full-time**

### What you are going to do

#### *Description of the job*

- You sort the dirty laundry that was supplied by the drivers on the basis of color and fabric.
- You will determine which part will disappear in which washing machine, and you will be responsible for filling and emptying these industrial washing machines.
- Afterwards, the washing goes into the dryer, and you deliver the items that need to be ironed to the strings.
- Do you like ironing? Then we have the challenge for you! Because we are also looking for extra support at our ironing tables.
- After the clothes have been ironed and pleated, they must be put together in packages per owner.
- Stuks Based on a label and scanning system, the pieces were assigned an identification at the start, and the packages are assembled after they have been completely cleaned.
- You do an extra check on cleanliness and numbers, and the pieces are ready to leave with the driver to the retirement home!

### What we ask for

- Very good knowledge of Dutch,
- Experience in the textile sector is a plus,
- You live in the area of Beveren.

### What we offer

- Full-time job,
- Working in a day shift (usually from 6 am or 8 am to 2.30 pm or 4.30 pm),
- After a successful interim period you have a chance to win a permanent contract,
- You receive training where necessary,
- Good employment conditions such as meal vouchers and travel allowance.
